

Secure-UNO

eChart Assist for Doctors

Secure-UNO improves clinicians' charting productivity by over 30%

- No need to dictate patient medical information
- Dictate only sections that need to populate in AdvancedMD EMR or dictate a letter for the referring physician at the same time
- Track pending and completed dictations easily
- Dictate anywhere - including your car (CarPlay and Bluetooth compatible)

Experience . Reliability . Trust

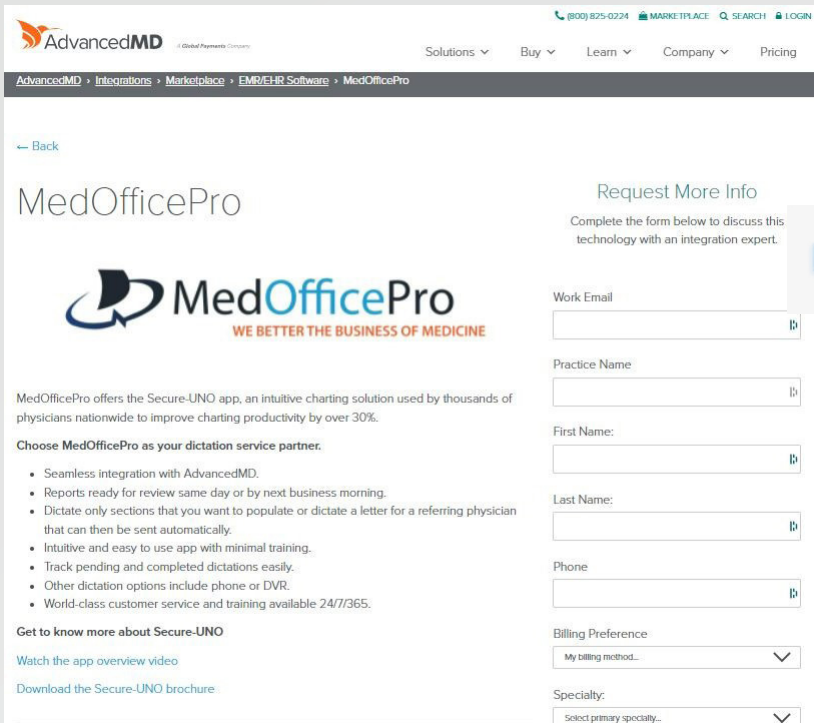

Marketplace Partner for over a decade

AdvancedMD

 **MedOfficePro**
WE BETTER THE BUSINESS OF MEDICINE

Secure-UNO allows clinicians to embrace technology to work smarter, not harder and reduces physician burnout!

An intuitive and easy-to-use charting tool for doctors. It interfaces directly with AdvancedMD EMR - saving valuable physician time. It improves patient documentation workflow by reducing turnaround time for reports and delivers accurate transcripts for practices nationwide.
